FOR IMMEDIATE RELEASE

“BAY AREA DENTIST ANNOUNCES SUITE OF DENTAL CARE PLANS FOR PATIENTS WITHOUT DENTAL INSURANCE”

Pries Dental Offers “Bundle of Smiles” Dental Plans to Meet a Variety of Patient Needs

San Jose, CA – August 5, 2008 – Top Bay Area dental practice, Pries Dental Care, recently announced the “Bundle of Smiles” dental care plans for patients without dental insurance. For as little as \$29 a month, patients can receive preventive dental care without the hassles of traditional dental insurance coverage.

Unlike traditional dental insurance, the “Bundle of Smiles” dental care plans have no annual limits, no deductions, no health restrictions and no paperwork hassles. Pries Dental offers a variety of packages designed to meet the individual dental care needs of its patients - from routine cleanings, check-ups, and yearly x-rays to the popular ZOOM whitening products – Pries Dental Care has a plan to fit your needs and budget.

“I believe everyone is entitled to dental health care regardless of if they have insurance or not,” states Dr. Kostantinos (Gus) Pries. “With our ‘Bundle of Smiles’ suite of dental care plans, patients can achieve a healthy smile at a fraction of what it costs them in monthly dental insurance coverage premiums.”

The “Bundle of Smiles” plans are suitable for both individual and family dental health care needs. Patients also have the option of paying for the plan in full or making monthly payments based on a 12-month treatment plan.

“Today, there are too many people out there who ignore their dental health simply because they don’t have dental insurance coverage or can’t afford it. Poor dental care leads to other serious health issues. My goal is to create an opportunity for those people to receive quality dental health care by offering a suite of plans which can accommodate the individual’s needs,” added Pries.

The “Bundle of Smiles” dental plans are available for \$29, \$39, \$49 or \$59 per month and are based on a patient’s current dental health and needs.
